

## **ANNEX A**

### **PRESIDENT'S REPORT 1-10**

Thanks for your support and vote for myself as president of our organization for a second year. I think that we are moving forward and my hope is to make the chapter and fun, active, and stimulating experience for both members and those who visit us - either during meetings or during shows.

This year we will revise our bylaws and move towards more interactive involvement through new media. We will also more than likely have less formal meetings, with those that we do hold including such options as swap and buy sessions and more conversation about our actual hobby.

With our shows pretty much templated-out, we can use a few volunteers and proceed with having both a Chapter show and a Division show this year.

Please join me - oh yeah - and pay your dues - in making our Chapter better than ever!

Clay Fourrier  
President, LA Chapter - TCA
