

PRESIDENT'S REPORT

June 6, 2010

- Special thanks to Mike, Charles and Family (and anyone else involved) in hosting this month's meeting - opening their home to us and providing the food and beverages and hospitality.
- Due to people complaining about meetings being too long and too business minutia oriented, we will keep this meeting to one hour - Bylaws will be the main subject and we will - if things are going too long - ask for votes to move things along. We need to move this on to being a fun TRAIN CLUB that holds shows, visits one another's layouts, shares stories and information of trains and shops and trades and purchases train items
- Show Biz! Our November 6th show is five months away and I remind you that this is a club activity. As such, I will be asking for volunteers to take on a number of duties to make the show happen. I will assign duties for those areas where volunteers have not been found. I will be the Show (Meet) Host and due various duties. Let's have a fun show!
- NEWSLETTERS and SUPPLEMENTS - If you are still receiving the newsletter by mail (there are seven of you) but now have internet access and an email account, please give me the email address. It is now costing \$1.00 per newsletter to print, pack and mail a newsletter to a member. Figure that times twelve and that's two dollars OVER the yearly dues for these members.
