

ANNEX A

PRESIDENT'S REPORT 12-09

I'm very proud to have served as your president for the last year and I feel that we all have come together to reclaim our Louisiana Chapter and create an event where children and adults can be introduced and fostered in the hobby of Toy and Model Trains.

I want to thank my VP and Sec/treas. For their help, enthusiasm and initiative in the past year.

I want to thank everyone who came to meetings, hosted a meeting and helped put on our November show.

I do see us at a crossroads that will make or break us - we need people to step up to take over both the Sec/treas and Show Chair positions. If not, I cannot say that our club will move forward. Please consider volunteering for shows, positions and more in the coming year. It's your club and my club - let's keep it alive and vibrant.
